

## Shopping Mania (loosely based on FullHouse)

Watch out, the holiday season is upon us, and we have so much shopping to do!

On this course, you must try to buy all of your holiday gifts, while avoiding traffic jams and crowds of people.

Jumps are stocking stuffers; you must buy (perform successfully) at least 3 of these.

Tunnels are grab bag gifts for co-workers; you must buy (perform successfully) at least 2 of these.

The contacts (dogwalk, teeter, weaves) are gifts for family, friends and loved ones; you must buy (perform successfully) at least 1 of these.

Beware of the crowds at check out (table). If your dog gets on the table before time expires, you suffer a 2 point penalty.

Beware of traffic jams! If your dog faults an obstacle (knocks a bar, doesn't perform the weaves before going on, misses a contact zone), you suffer a 3 point penalty.

Each obstacle may be taken twice successfully for points. Back to back performance of same obstacle or contact to contact are ok.

Times: 35 seconds for big dogs, 40 seconds for small dogs.

NOW LET'S GET SHOPPING!
