

Kittens in the Corners

Four kittens have escaped the house (A-frame) and are hiding in the corners of the yard. It is your job to round them up, one at a time, and return them to the house. If you drop one (go off course or drop a bar) you will have to recapture it and bring it home before going on to the next one. 10 pts per kitten. 45 sec. big dogs; 50 sec. small dogs
